

## UNIFORM DRESS CODE

Sacred Heart School implements a reasonable standard of dress that reflects Christian modesty and decorum and is intended to instill in each child a sense of school pride. Such standard of dress also reinforces and supports the orderly administration, operation, and discipline of the school for the benefit of the students and faculty. The standard of dress encourages an environment conducive to learning and enhancing the development of character and excellence in the lives of the students as they participate in the educational process.
