stop over and spend some quiet moments in the garden. This week's gospel speaks about being vigilant. Let us be vigilant in our prayer for our world, our country, our community and one another. Prayer is something we all can do to help each other and our world.

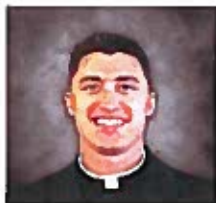

Deacon Zach will be on retreat next week and return for his final summer weekend at our parishes. It has been a blessing to have Deacon Zach with us!!

Have a blessed and prayerful week. Fr. Carl

From the Principal

Our namesake, St. John Bosco, was committed to the guidance of children, seeking to unite the spiritual life with one's work, study and play. We continue to honor his beliefs and are excited to be embarking on our tenth school year. Though there are many great things already happening at St. John Bosco, we know the importance of Kaizen, i.e., continuous improvement, and therefore are looking forward to making learning even better for our students. How are we accomplishing this? Our

Digital Transformation Plan was a continual work in progress during the summer, additional cabling was run, new hubs put in, devices ordered and programmed (iPads and laptops), smartboards installed and a developmental schedule was created to facilitate training in the use of the technology by staff and students. Staff development is a key

guidepost in seeing that 100% of our students excel. We are committed to sustaining a clear and purposeful focus on our own learning and student learning. As of now, two teachers have been hired for the middle school program. Ashley Brauer will be in charge of the 7th

grade homeroom and teaching science 5 – 8. Her experiences in the medical field give her an in-depth background of the sciences. Meaghan Fitzpatrick will be in charge of the 5th grade homeroom and teaching Spanish 5 – 8. Her double major, Spanish and Elementary Education, allows us to move forward with programming in Spanish in grades 5 thru 8 on a daily basis. These changes allow us to focus our time, efforts and resources to ensure that all of our students are prepared for the 21st century demands of high school, college, careers and citizenship. Physical changes have also occurred over the summer beginning with the library moving to the Parish Center at the end of May. Music, Art, and 4K have all been relocated to other rooms to better facilitate student learning and also allow for an additional classroom. The school has been cleaned, some classrooms repainted, floors waxed and polished, art tables refinished and repairs made. Curricular materials were ordered and have arrived. With 3½ weeks to go before we open we are putting the final touches in place for our students and their families. I welcome you to come and visit our school anytime to see your investment in action.

Practicing Faith, Strengthening our Community and Graduating Leaders.

Mrs. Dasser

Digital Transformation

Goal of \$220,000 was reached for our Digital Transformation Plan through combined grants and donations. Many thanks to everyone for their financial contributions toward this special project.

Parents need to call the school office beginning August 22 to schedule an appointment time.
