ATTENTION BOWLING GROUP

We will have a brief meeting this Sunday immediately following the Mass, approximately 11:30 am, regarding our plans for the fall. If you haven't signed up yet, just come on to the meeting. This will be more for fun than for competitive bowling. If you are interested, please call Cindy Thomas at 662-429-7651 or the church office at 662-429-7851.

Catholic Social Thought calls us to take responsibility for our use and care of the earth.

The decisions we make can make a positive difference as we respond to the call to be better stewards and to reflect on how our lifestyle choices impact God's Creation and the poor in our midst.

Global climate change continues to be a major topic in the public spotlight.

While everyone from scientists to politicians are joining forces to address this reality, there are numerous simple things each one of us can do to make a difference. Are you ready to make a difference?

1. Plan Car Trips Ahead of Time: If you are like most people who live in their car, be mindful of the number of unnecessary trips you make in given week. Plan your errands, meetings, pick-ups, and routes ahead of time in order to cut back on your contribution to emissions and gas use.

2. Use Earth-friendly Cleaners: The products that you use to clean your home may actually be harmful for the earth, containing damaging chemicals and upsetting the ecological balance. Buy or make "green" cleaning products that are biodegradable and designed with the earth in mind.

3. Ride Your Bike: More and more cities are jumping on the bandwagon of cutting gas emissions by promoting bike paths for commuters. Consider using your bike to get to or from work or, if that is impractical, consider increasing bike use on the weekends to make those shorter trips to the store. The earth will benefit and so will your overall health.

4. Look for the Energy Star: When making purchases of new appliances, check to see that they carry the Energy Star symbol indicating that they are designed to be more energy efficient than other models. Appliances with this label not only use less power but can also greatly reduce your energy bill.

5. Conserve Water: Water tends to be something we take for granted, but it is quickly becoming one of the most precious resources of the earth and needs our care and conservation. Be more mindful of unnecessary water use and don't leave the faucet running. Repair leaking faucets.

6. Change Your Light Bulbs: One significant way to curb energy use: the light bulb socket. Compact florescent light bulbs (CFL) are a small purchase and can make a big change. These spiral shaped bulbs may cost more, but they

use one-fourth the energy and can be found anywhere light bulbs are sold.

7. Hang a Clothes Line: This may sound like a return to the 1950's but using a clothes line instead of your heated dryer can cut back drastically on energy use. Additional benefits include that fresh clothesline scent and a smaller electric or gas bill.

8. Consume Less, Share More: Unbridled consumption is part of the dynamic increasing demand on the need for energy and fuels. Assess your own buying habits and consumerist tendencies. Cut back where you can, sharing unused or unneeded items with others. As the saying goes, "Have less, be more."

9. Support a Local Farmer: Most of the food we eat travels hundreds and sometimes even thousands of miles to reach our grocery stores and markets. Do your part to reduce our dependency on oil and fossil fuels and buy locally from a farmer in your region. Find a farmers market in your area through the internet or yellow pages.

10. Plant Extra Veggies: As the gardening season gets underway, add an extra plot of vegetables to provide fresh produce for a local soup kitchen or homeless shelter. The garden will be bountiful and others will reap what you sow.

Annual Dress-A Child Program

Each year Interfaith Council on Poverty works with its member churches to provide a complete outfit, shoes, back pack, and the school supplies for the less fortunate children in our area.

Once again this year Holy Spirit's contribution will be to provide the school supplies for the children that are part of this dress-a-child program. We are blessed to have a volunteer that will get the school lists, take our donations and purchase the supplies.

We are also blessed to have volunteers to sort per child and take the individual bags to the schools involved.

WE WILL BE ACCEPTING DONATIONS THIS WEEKEND – July 18/19

Your generosity has always been wonderful, for this very special program!

*We ask each family to **PARTICIPATE IN SOME WAY***

Checks should be made payable to Holy Spirit as this is our church's contribution to this project and the monies collected will be used to purchase the school supplies.

There are now 15 churches taking part in this Interfaith project.

WEIGHT LOSS SUPPORT GROUP Wednesday morning at 8:30 am for a weigh in and sharing. Liz Brown is our contact person for this adventure. 901-331-3419.
